Professional Summary

Software Developer with 5+ years of experience in Node.js (ExpressJS, NestJS) on backend and Angular on frontend. Specialized in building REST APIs, microservices, and integrating large-scale platforms. Proficient in developing scalable web applications, implementing Agile methodologies, and deploying cloud-native solutions (AWS, Docker), with a strong focus on performance optimization and seamless system integration.

Experience

Fullstack developer | DevIT Solutions | Sep 23 - Present
- Developed and maintained full-stack applications using Angular, NestJS and OracleDB with multi-level data permissions;
- Built API HUB connecting TOTVS ERP, E-Commerce B2B, and fintech platforms, handling 40,000+ requests/hour and reducing reconciliation by 80%;
- Automated data sync between TOTVS ERP and E-Commerce platforms, reducing processing time 60%.

Fullstack developer | Grupo Nobre | Jun 22 - Sep 23
- Developed full-stack applications with Express.js, Angular, SQL Server, and MongoDB, improving reliability and reducing manual tasks by 40%;
- Integrated REST APIs with TOTVS ERP to provide real-time academic data to 5,000+ students;
- Connected SOAP APIs from a virtual library, enhancing portal access to digital resources and engagement;
- Built and optimized SQL Server reports, cutting reporting time by 40%.

Fullstack developer | Automatize | Feb 20 - Jun 22
- Developed scalable full-stack systems with Node.js (NestJS/Express.js), Angular, and Oracle, MySQL, SQL Server, MongoDB;
- Implemented AWS solutions and GitHub Actions, accelerating deployments and reducing operational overhead;

Technical Skills

Frontend: JavaScript, Angular, Typescript, RxJS, Tailwind

Backend: JavaScript, Node.js, Typescript, ExpressJS, NestJS

Databases: Oracle, PostgreSQL, MongoDB

Cloud & DevOps: Docker, AWS EC2, AWS Lambda, GitHub Actions

Software Architecture: REST API Design, Layered, Hexagonal and Microservice Architectures

Methodologies
- Agile
- Scrum
- CI/CD
- Clean Code
- SOLID

Education

College Degree: Software Analysis and Development - UNIFAN

Languages
- English: Fluent (C2 EF SET Certificate)
- Italian: Basic
- Portuguese: Native

Certifications & Workshops

NestJS: NestJS Fundamentals Course - Official NestJS Courses

Angular: Angular 2+ (v17+) - Cod3r + Udemy

Speaker: Delivered Git & GitHub and Docker mini-course at the University

Citizenship / Passports
- Italian
- Brazilian
